WALT To be able to write a recount about our school trip

First We got on the coach. Second we got off the coach in Old two's and lined up by the wall. Next we sat on a chair near the screen.

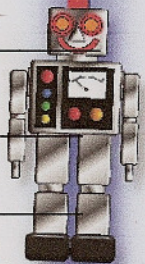

After 10 minutes the film started.

Later the film was nearly finished. Half an hour later

the film was finished. We got on the coach and came back to school on the coach.

My favourite bite of the film was the bite where

Buzz ran into the tub, when he was trapped in it.
